

Program of the One Planet - Polar Summit

8 to 10 November 2023 – National Museum of Natural History and Palais Brongniart

7 November

Preview screening of Luc Jacquet's new film "Journey to the South Pole", by invitation only due to limited seating capacity

8 November

All-day meeting gathering ministers, scientists, experts and civil society
National Museum of Natural History

	<i>Amphithéâtre Verniquet (315 people) Translation: french/english</i>	<i>Auditorium de la Grande Galerie de l'Evolution (120 people) Translation: french/english</i>	<i>Amphithéâtre de la Galerie de Paléontologie (60 people) English only</i>
9:00 - 10:15	<p>High-level sequence</p> <p>Introduction by Oliver Poivre d'Arvor, French Ambassador for poles and maritime issues and Ministers of Science/Research</p> <p>Introductory lecture by Valérie Masson-Delmotte on updates as to the state of the cryosphere in the last IPCC Report</p>	Broadcast of the opening session	

8 November

All-day meeting gathering ministers, scientists, experts and civil society
National Museum of Natural History

	Scientific findings	Circle of Explorers	Coastal cities facing rising sea-level
10:30 - 11:45	Statements by SCAR, IASC, IACS and WMO Statements from representatives of indigenous peoples and local communities (IPLCs)	Statements of explorers as eye witnesses to ocean, glacier and mountain changes	Statements by cities impacted and mobilized for polar and glacial challenges
12:00 - 13:15	Lunch		
13:30 - 14:45	Meeting of scientists: preparation of policy recommendations Break-out groups: Glaciers, water cycle and sea level	Meeting of scientists: preparation of policy recommendations Break-out groups: Sea ice, ocean, life and atmosphere	Meeting of scientists: preparation of policy recommendations Break-out groups: Permafrost and georisks
15:00 - 16:15	Meeting of scientists: preparation of policy recommendations Break-out groups: Glaciers, water cycle and sea level	Meeting of scientists: preparation of policy recommendations Break-out groups: Sea ice, ocean, life and atmosphere	Meeting of scientists: preparation of policy recommendations Break-out groups: Permafrost and georisks
16:30 - 18:00	Scientific Plenary session Brief presentation by the moderator of each group ; Synthesis of possible coordinated actions benefiting the three main disciplines: Antje Boetius, Jérôme Chappellaz	A singular work in endangered regions Statements from polar and glacial operators	

8 November

All-day meeting gathering ministers, scientists, experts and civil society
National Museum of Natural History

18:00 - 19:30	Circle of Explorers Statements of explorers as eye witnesses to ocean, glacier and mountain changes	Financing action for the cryosphere Introduction of the Albédo Foundation Statements from the Ice Memory Foundation	
Evening	Reception offered by the Albedo Foundation, chaired by Frederik Paulsen, Salle des Globes of the Bibliothèque Nationale de France, by invitation only due to limited seating capacity		

9 November

All-day meeting gathering ministers, scientists, experts and civil society
National Museum of Natural History

	<i>Amphithéâtre Verniquet (315 people) Translation: french/english</i>	<i>Auditorium de la Grande Galerie de l'Evolution (120 people) Translation: french/english</i>	<i>Amphithéâtre de la Galerie de Paléontologie (60 people) English only</i>
09:00 - 10:15	Meeting of scientists: preparation of policy recommendations Addressing local solutions to cryosphere risks: best practices in science, infrastructure and communication	Mobilization to protect glaciers and poles Statements from NGOs	Circle of Explorers Statements of explorers as eye witnesses to ocean, glacier and mountain changes

9 November

All-day meeting gathering ministers, scientists, experts and civil society
National Museum of Natural History

10:30 - 11:45	Mobilization to protect glaciers and poles Statements from NGOs	Circle of Explorers Statements of explorers as eye witnesses to ocean, glacier and mountain changes	At the crossroads of nature's climate and human and animal health Statements by PREZODE (Preventing Zoonotic Disease Emergence)
12:00 - 13:15	Plenary session Presentation of outcomes: conclusions from PREZODE, NGOs, IPLCs, the explorers and the operators	Broadcast of the Plenary Session	
13:30 - 14:45	Lunch		
15:00 - 16:00	Opening by Ministers Introduction and restitution by the scientific committee of the forum's work and findings	Broadcast of the ministerial sequence	

9 November

All-day meeting gathering ministers, scientists, experts and civil society
National Museum of Natural History

16:00 - 17:30	Intervention by Ministers	Broadcast of the ministerial sequence	
17:30 - 18:15	From Science to policy Exchange with scientists and conclusions	Broadcast of the ministerial sequence	
18:15 - 18:30	Conclusion by Ambassador Olivier Poivre d'Arvor	Broadcast of the ministerial sequence	
Evening	Closing reception of the Forum, <i>Grande Galerie de l'Evolution</i>		

10 November

High-level segment with the heads of State and government
Palais Brongniart – Closed work session and Grand auditorium

Closed work session

Room at the Palais Brongniart

12:30

-

13:30

Work meeting with heads of State and government, scientists and NGOs representatives

One Planet - Polar Summit

Grand auditorium

By invitation only due a limited seating capacity

13:00

-

14:30

- Video footage : messages from key actors on the emergency for glaciers and poles
- Key policy recommendations by the scientists and the NGOs representatives
 - Private sector's committments
 - Interventions from heads of State and government
- Signing of the One Planet - Polar Summit political declaration
