

Program of the One Planet - Polar Summit

8 to 10 November 2023 – National Museum of Natural History and Palais Brongniart

8 November			
All-day meeting gathering ministers, scientists, experts and civil society National Museum of Natural History			
	Amphithéâtre Verniquet (315 people) Translation: french/english	Auditorium de la Grande Galerie de l'Evolution (120 people) Translation: french/english	Amphithéâtre de la Galerie de Paléontologie (60 people) English only
8:30-9:00	Welcome coffee at the Museum and badges retrieval		
9:00 - 10:15	High-level sequence Welcome address by Gilles Bloch , President of the National Museum of Natural History Introduction by Oliver Poivre d'Arvor , French Ambassador for poles and maritime issues Introductory dialogue between Valérie Masson-Delmotte and Jean Jouzel on updates as to the state of the cryosphere in the last IPCC Report	Broadcast of the opening session	

8 November

All-day meeting gathering ministers, scientists, experts and civil society
National Museum of Natural History

10:30 - 11:45	Scientific findings Statements by SCAR, IASC, IACS and WMO Statements from representatives of indigenous peoples and local communities (IPLCs)	Circle of Explorers Statements of explorers as eye witnesses to ocean, glacier and mountain changes	
12:00 - 13:15	Meeting of scientists: preparation of policy recommendations Break-out groups: Glaciers, water cycle and sea level	Meeting of scientists: preparation of policy recommendations Break-out groups: Sea ice, ocean, life and atmosphere	Meeting of scientists: preparation of policy recommendations Break-out groups: Permafrost and georisks
13:15 - 14:00	Lunch offered on the Museum site		
14:00 - 14:45	Poles and et glaciers : Vision 2050 Statements by Mika Mered, Pierre Bahurel and Bruno David		
15:00 - 16:15	Meeting of scientists: preparation of policy recommendations Break-out groups: Glaciers, water cycle and sea level	Meeting of scientists: preparation of policy recommendations Break-out groups: Sea ice, ocean, life and atmosphere	Meeting of scientists: preparation of policy recommendations Break-out groups: Permafrost and georisks

8 November

All-day meeting gathering ministers, scientists, experts and civil society
National Museum of Natural History

16:30 - 17:45	Scientific Plenary session Brief presentation by the moderator of each group; Synthesis of possible coordinated actions benefiting the three main disciplines: Antje Boetius, Jérôme Chappellaz	Human stakes: climate change in poles and glaciers and its direct impacts on populations Statements from NGOs	Circle of Explorers Statements of explorers as eye witnesses to ocean, glacier and mountain changes
18:00 - 19:30	Circle of Explorers Statements of explorers as eye witnesses to ocean, glacier and mountain changes	Financing action for the cryosphere Statements bt foundations	
Evening	Reception offered by the Albedo Foundation, chaired by Frederik Paulsen, <i>National Museum of Natural History</i>, by invitation only due to limited seating capacity		

9 November

All-day meeting gathering ministers, scientists, experts and civil society
National Museum of Natural History

	<i>Amphithéâtre Verniquet (315 people) Translation: french/english</i>	<i>Auditorium de la Grande Galerie de l'Evolution (120 people) Translation: french/english</i>	<i>Amphithéâtre de la Galerie de Paléontologie (60 people) English only</i>
8:30-9:00	Welcome coffee at the Museum		
09:00 - 10:15	Meeting of scientists: preparation of policy recommendations Addressing local solutions to cryosphere risks: best practices in science, infrastructure and communication	Adapting coastal cities and regions to rising sea level Statements by the Ocean & Climate Platform and launch of a coalition in the run-up to the United Nations Ocean Conference in Nice in 2025	Circle of Explorers Statements of explorers as eye witnesses to ocean, glacier and mountain changes
10:30 - 11:45	Fauna and flora in poles and glaciers: a crucial biodiversity at risk facing climate warming Statements from NGOs	A singular work in endangered regions Statements from polar and glacial operators	At the crossroads of nature's climate and human and animal health Statements by PREZODE (Preventing ZOonotic Disease Emergence)
12:00 - 13:15	Plenary session Presentation of outcomes: conclusions from NGOs, foundations, IPLCs, cities, Prezode, the explorers and the operators	Broadcast of the Plenary Session	
13:15 - 15:00	Lunch offered on the Museum site		

9 November

All-day meeting gathering ministers, scientists, experts and civil society
National Museum of Natural History

15:00 - 16:00	Opening by Ministers Introduction and restitution by the scientific committee of the forum's work and findings	Broadcast of the ministerial sequence	
16:00 - 17:30	Intervention by Ministers	Broadcast of the ministerial sequence	
17:30 - 18:15	From Science to policy Exchange with scientists and conclusions Exchange with the room	Broadcast of the ministerial sequence	
18:15 - 18:30	Conclusion by Ambassador Olivier Poivre d'Arvor	Broadcast of the ministerial sequence	
Evening	Preview screening of Luc Jacquet's new film "Journey to the South Pole", <i>by invitation only due to limited seating capacity</i>		

10 November

High-level segment with the heads of State and government
Palais Brongniart – Closed work session and Grand auditorium

Closed work session

Room at the Palais Brongniart

12:30
-
13:30

Work meeting with heads of State and government, scientists and NGOs representatives

One Planet - Polar Summit

Grand auditorium

By invitation only due a limited seating capacity

13:00
-
14:30

- Video footage : messages from key actors on the emergency for glaciers and poles
- Key policy recommendations by the scientists, NGOs and IPLCs representatives
 - Interventions from heads of State and government
 - Signing of the One Planet - Polar Summit political declaration
